

New Jersey Building Officials Association, Inc.

Established 1929

www.newjerseyboa.com

njbuildingofficialsassociation@gmail.com

<https://www.linkedin.com/company/5203513/>

The New Jersey Building Officials Association was established in 1929. We are a not-for-profit organization recognized as a chapter of the International Code Council, and are devoted to protecting the health, safety, and welfare of the public, by promoting professionalism, education, and ethics.

NJBOA is proud to be the **only** statewide association, inclusive of Code Officials and members of diverse backgrounds, that is recognized by the Department of Community Affairs. Our Active Membership is comprised of licensed Code Officials and Inspectors of all disciplines, as well as Technical Assistants. We have Associate, Subscribing, and Honorary memberships available to others engaged in the building industry, including housing, planning, zoning, and manufacturers' representatives. We welcome these and other professionals to consider joining our organization, or come to any meeting as our guest.

NJBOA will be printing the 98th Anniversary edition of our Roster Book, which will be issued this November. This book lists every New Jersey Building Department's staff, and includes a variety of advertising from other professional associations, Engineers, Contractors, Realtors, restaurants, and small business owners. We would be pleased to have your group or business support NJBOA's 98th Anniversary Roster Book, and have attached for your consideration, the sponsorship form and a sample of our last edition.

DESIGN, SUPPLY, AND INSTALLATION

Floodproofing Made Simple

Mitigation Solutions & Installation

We manufacture and distribute some of the most innovative flood products available. With commercial and residential options for retrofits and new construction, we're sure to have a *solution to protect your property* while meeting the latest codes and regulations.

Complementary Design Services

With more than 25 years of experience, our team of engineers, certified floodplain managers, & mitigation specialists provide comprehensive floodproofing solutions. We'll help you navigate complex codes so you can pick the right product to protect your project.

Start the process → info@floodproofing.com

Free Flood Risk Analysis

REPORTS FOR HOMEOWNERS

Our educated staff of CFMs and Licensed Agents can review your resident's property for solutions that can reduce your premium without sacrificing coverage!

OUTREACH FOR COMMUNITIES

We also offer free presentations or webinars to give flood insurance advice and educate communities on regulations that can affect their resident's policies.

100+ Municipalities Served
 250M+ Municipal Images Scanned
 Hundreds of OPRA's Fulfilled Daily

Document Solutions Simplified

Princeton Partners w/Foveonics

John Pettenati, Municipality of Princeton Construction Official and Project Coordinator for this undertaking entrusted Foveonics with a historic municipality wide scanning and software project totaling over 2,500 boxes. Phase 1 included the scanning of over 600 boxes of construction permit applications. Additionally, Foveonics deployed our Cloud Based Software Solution with replaced the defunct (Alchemy) Platform. Foveonics Team Indexed and Merged files combining existing Alchemy Records with the newly scanned images. Construction Official John Pettenati states, "Foveonics process was seamless, their due diligence and level of knowledge relating to construction documents is unmatched." Now millions of images can be searched instantly and OPRA requests are a click of a button

Instant Benefits

- ✓ Instant Access
- ✓ 24/7 Information
- ✓ Digital Search
