<https://www.linkedin.com/company/5203513/>

The New Jersey Building Officials Association was established in 1929. We are a not-for-profit organization recognized as a chapter of the International Code Council, and are devoted to protecting the health, safety, and welfare of the public, by promoting professionalism, education, and ethics.

NJBOA is proud to be the **only** statewide association, inclusive of Code Officials and members of diverse backgrounds, that is recognized by the Department of Community Affairs. Our Active Membership is comprised of licensed Code Officials and Inspectors of all disciplines, as well as Technical Assistants. We have Associate, Subscribing, and Honorary memberships available to others engaged in the building industry, including housing, planning, zoning, and manufacturers' representatives. We welcome these and other professionals to consider joining our organization, or come to any meeting as our guest.

NJBOA will be printing the 98th Anniversary edition of our Roster Book, which will be issued this November. This book lists every New Jersey Building Department's staff, and includes a variety of advertising from other professional associations, Engineers, Contractors, Realtors, restaurants, and small business owners. We would be pleased to have your group or business support NJBOA's 98th Anniversary Roster Book, and have attached for your consideration, the sponsorship form and a sample of our last edition.
